 - D) **Portfolio**
 - Pages for each Project w/ a short description
 - You will post 6 best of projects
 - E) **Blog**
 - F) **Contact**

Notes _____

Notes on content
¹Even though your résumé is visible on the page, you will also include a link to an uploaded résumé for your site visitor to download and print, if they so desire. ²This list could go on and on, depending on how you update your site
³The main purpose of a website is to get your customers or clients to contact you. For the purposes of this class, it is not necessary (nor necessarily a good idea) to include your home address.
